What a Ride: Externship Experience

Junior Sociology major Allison Yelvington (left) participated in the Spring Break Externship Program and shared her experience on LinkedIn.

"I had such a great time at my externship Traffic Engineers, Inc yesterday! It was amazing to see a small local firm that was clearly so invested in the city of Houston and that really actively practiced it's values. From being a bike-friendly and woman owned company to the encouraging attitude of everyone I met, I really fell in love with the company culture!"
It was also really interesting to learn about how planners and engineers work together on their transportation projects. I encountered planning work that I could see myself doing in the future.

We ended the day with an awesome Houston B-Cycle bike ride to see one of the firm’s design projects along the White Oak Bayou bike trail."

Externships occur every Winter Break and Spring Break - be on the lookout this fall for opportunities like Allison’s, which allow you to explore potential career interests, office environments, and locations!

Upcoming Events

Remember, the CCD is open through the summer (no drop-ins) for virtual and in-person appointments, which you can schedule via Handshake!
