ARE YOU READY FOR YOUR career?

Take this self-assessment to learn about the competencies you need for workplace success. Check the box where you perceive you are in each competency/area. Use the lined spaces to describe your experience(s) in each area, or how (if relevant) you will develop an area during your internship. Add your name and date to the top right corner of the second page.

COMMUNICATION
Articulate thoughts and express ideas effectively using oral, written and non verbal communication skills (to instruct, inform and persuade), as well as listening for meaning to gain understanding. The ability to deliver information in person, in writing, and in a digital world.

Ways to develop this competency:
- Develop and deliver a presentation for a class.
- Check for understanding by asking clarifying questions.
- Proofread online and written communication

TEAMWORK & COLLABORATION
Build and maintain collaborative relationships to work effectively with others in a team setting through shared responsibility, empathy and respect. Seek and appreciate the viewpoints of those from diverse cultures, races, ages, genders, religions, and lifestyles.

Ways to develop this competency:
- Collaborate with others on a class project where responsibility is shared.
- Handle difficult conversations in person with respect.
- Consider others’ perspective before making a decision.

LEADERSHIP
Motivate, organize, and delegate work by leveraging the strengths of individuals. The ability to use empathetic skills and a positive attitude to guide and influence others while reaching a shared goal through adoptability and effective decision-making.

Ways to develop this competency:
- Take on a leadership role in a group or organization.
- Demonstrate initiative at your job/internship by taking on additional responsibilities.
- Motivate team members with a positive attitude and leverage their strengths when delegating work.

CREATIVITY & PROBLEM-SOLVING
Exercise sound reasoning to analyze issues, synthesize information, make decisions and solve problems. The ability to think critically and strategically to develop original ideas and innovative solutions.

Ways to develop this competency:
- Develop an action plan with specific steps to solve problems.
- Brainstorm solutions to a problem before bringing it to a supervisor/professor.
- Activate your mind- read, do puzzles, write, etc.

Career Ready Competencies developed by National Association of Colleges and Employers (NACE), 2017.
**APPLICATION OF INFORMATION TECHNOLOGY**

Select and use technology and computing skills to solve problems and accomplish goals.

*Ways to develop this competency:*
